## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see Remarks, filed 12/18/06, with respect to the claims have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 1, 2 and 5-9 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a performance-limiting device (53), wherein the performance-limiting device (53) for reducing the performance level of individual production units or of all the production units being configured such that it overwrites measures of the control means (30) after receiving the activating signal (58), namely by activating or deactivating individual output values or outputs (42) differing from the activation or deactivation of these output values or outputs (42) made by the control program. The allowability, at least in part, resides in this fact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
